

Virtual Mitropa Rally Cup 2024 regulations

Organizations:

Virtual Mitropa Rally Cup 2024 is organized by **Seven Speed Racing Sim World** in accordance with **Mitropa Rally Cup**, in compliance with Privacy and Copyright, through a specific Contract. The following are the Official Rules of the entire Championship.

Generals:

Will be accepted registrations from Users of the platform RBR Rallysumfans.HU from all over the world.

Registrations for the championship will always remain open but will be temporarily closed during each rally on the calendar; It is strictly forbidden to have a double user, anyone caught ignoring this rule will be immediately excluded and disqualified from the competition.

No points will be awarded in MRC prior to enrolment in the MRC and before the registration is accepted by the organization.

All information, communications, news and updates will be published on our Discord channel (soon added) and on our social profiles Facebook and Instagram (@SevenspeedracingSIMWORLD)

To request technical support and information, each user can contact us on the Discord channel in the appropriate section (technical support); To ensure a more effective viewing, it is recommended to tag @admin under your request; it will be necessary to specify your name and surname and the nickname of RSF, any request without these requirements will be ignored.

It is recommended for each user to keep a copy of the replays of each race at least for 48 hours after the end of the event, in case the organization carries out post-race checks and controls.

The organization reserves the right to modify and integrate these regulations even during the Trophy, subject to the notification of the change on the Discord channel dedicated to all users.

Any aspect not covered by the following regulations will be discussed and evaluated within the organization of the Trophy itself.

Race:

The championship will consist of 9 events, the calendar will follow the official events of the Mitropa Rally Cup 2024, the duration of each individual race will be 7 days, from Monday to Sunday following the real race.

Plugin Setup: **DAMAGES: REDUCED**
SUPERALLY: YES
NOTE 3D: NO

Race Numbers:

Each user will have their own race number to be applied to the official plates of the championship; the starting number will be the competitor's registration number for the championship on the RSF website, visible in the ENTRY LIST on Rallysimfans.HU

Plate/Graphics:

in this section in the Discord server there is a ZIP file with the official plates of Mitropa Rally Cup 2024 and related instructions on how to apply them.

Inside the file there are also some logos, to be applied to the car in this order:

- nr 2 Mitropa Rally Cup logos, clearly visible on both sides of the car
- nr 1 Ravenol sticker clearly visible on the trunk of the car
- nr 2 small stickers on both sides of the bumper or front fenders

applied to each team's liveries in such position and size as each skinner deems appropriate as **mandatory advertising**; we do not ask for any contribution from all users, so we trust in the good faith of everyone in virtually advertising who allowed us to create this Championship.

Images/video:

in this section of the Discord server, users will be able to post images and clips of their races, with comments and considerations on their performance and performance. As usual, we ask for maximum sharing and participation as we make updates and posts Newspapers; For the 2024 season, live broadcasts will also be organized with the protagonists and participants of the championship, with interviews, analysis and insights.

Choice of classes:

Each user will be able to select two classes of cars with which to sign up and will be able to regularly start with one or the other throughout the season, taking points in both classes; In the event that a driver is the winner of two different classes, the class in which he has made the most starts will be taken into account.

In the event of two or more drivers finishing on equal points, the driver who has made the best placements will be taken into account.

Penalties and Communications:

Penalties that the system detects will be applied automatically in path cuts; moreover, at the end of each event, the Race Direction may reserve the right to draw randomly or in relation to possible anomalies of times in certain special stages, some drivers, asking them to send the replay of a specific PS. A team of observers will review the replays to check for any improprieties.

The car must always have at least 2 wheels on the roadway, otherwise it will be considered as a violation and an extra time penalty will be added based on the severity of the cut, except in the case of cuts due to errors or accidents.

Any drivers drawn for verification will be communicated in the appropriate section of the Discord server (race direction and communications) and it is the duty of the team managers to contact any of their own drivers in verification.

Each driver will have 48H to send their replay to the following email: sevensimworld02@gmail.com, specifying name, surname and RSF nickname, car, team and special stage of the replay. In the event that a driver does not send the replay within the time limit, he will be automatically disqualified from the race; If the replay does not present improprieties, no communication will follow, otherwise any penalty will be notified in the appropriate room of the Discord server.

Terms and Conditions:

Participation in the Virtual Mitropa Rally Cup implies, on the part of all players, compliance with all the rules, in all its parts, provided for by the regulations. Failure to comply with the provisions of the regulations will result in exclusion from the race.

The Organization reserves the right to exclude any pilot for such violations at its sole discretion.

All communications and rankings will be published on the main social channels, such as Discord, Facebook and Instagram.

By participating in the events, you authorize the processing of personal data for the publication of rankings, news and updates regarding the race on the main social channels, such as Discord, Facebook and Instagram.
